

Your empty cartridges = funds for TBA/Pressman!

TBA GREEN TEAM NEWS FLASH

To Temple Beth Am Members / Tikun Olam Practitioners:

TBA is excited to announce our partnership with RECYCLE4KIDS.ORG, a unique fundraising program that conserves scarce and finite natural resources by collecting inkjet and toner cartridges for recycling. The proceeds of this ongoing fundraiser will benefit TBA and Pressman Academy.

Over 90% of empty cartridges are incinerated or dumped into our landfills, which adds to land, water, and air pollution. These cartridges contain residual toner powder, ink, plastic casing, aluminum and other toxic materials. This program will encourage us to recycle, and remind us that doing so extends the use of our non-renewable resources and, consequently, life on earth.

Simply drop your empty cartridges into the bins set up in the temple and school buildings. If you are currently returning these empty inkjet and toner cartridges to Canon, HP, Lexmark and the like, please consider donating them to TBA instead. If you have children, let them drop the cartridges into the bins and experience the *nachas* that comes from taking care of our world.

You can also receive cartridge recycling bins, poster, flyers, and newsletters for your own workplace. Contact Revital Douek at 310-497-8521, or revital@tonerzone.com. For more information, visit recycle4kids.org.

Thank you in advance for participating in a project that will benefit our children, our synagogue, and our world.

Sincerely,

Larry Braman

TBA Green Team Leader

P.S. Join the fast-growing TBA Green Team! E-mail me at Larry@self-td.org, or call (213) 300-9887. Together we'll make our Green dreams a reality!
